Welcome to the Myrtle Beach Hurricane Rally 2014! We are so glad you are here. Gas is going down, time to get out and ride! Weather is awesome and I especially want to thank Myrtle Beach Harley-Davidson for the cover. Mike did an awesome job at laying it out. I want to thank Suck Bang Blow for the centerfold, and Joye, Nappier and Risher law firm for the back cover (hope you don't need them, but if you do, you have the best). Without you guys, we don't exist. Dick Martin has a new location. Check out the map. If you want a real mechanic — that's the man to see. Tattoos — Pit Bull is the place to go. Stay out of tents, trailers and kitchens. A sterile environment is a must. See the artists work. Think before you ink. Spokes & Bones – come party with us. Check out their new French Quarter. It's an awesome sight to see. Take care of your bartenders and servers. They work real hard to make your vacation unforgettable. Have a safe and great Bike Week!

Ron Martin  Lots of love to Ronnie and Robin

Day Trips

Battleship North Carolina – Take a day trip to Wilmington, NC and visit the Battleship North Carolina. Moored in quiet dignity and majesty the Battleship NORTH CAROLINA, across the river from downtown Wilmington, beckons visitors to walk her decks. Envision the daily life and fierce combat her crew faced in the Pacific Theatre during World War II. From all across our Nation they came, young men who had grown up in the crucible of the Great Depression and now determined to serve their Country in its time of need. These are the men whose stories you will encounter through their oral histories, photographs, and mementos as you experience the Ship and the exhibits. Step back in time and let history come alive through the crews’ stories. Discover and build your personal connection by steering the ship, starting her engines or even firing the guns. The Battleship NORTH CAROLINA It’s Your Experience. (910) 251-5797. BattleshipNC.com.

Charleston, SC – While visiting SC, take time for a side trip to Charleston. Founded and settled by English colonists in 1670, Charleston grew from a colonial seaport to a wealthy city by the mid-eighteenth century. Through the mid-nineteenth century, Charleston’s economy prospered due to its busy seaport and the cultivation of rice, cotton, and indigo. In April of 1861, Confederate soldiers fired on Union-occupied Fort Sumter in Charleston Harbor, thus signaling the beginning of the Civil War. Charleston was slow to recover from the devastation of the war. However, its pace of recovery became the foundation of the City’s greatest asset – its vast inventory of historically significant architecture. Short on capital after the war, Charleston was forced to repair its existing damaged buildings instead of replacing them. After the war, the City gradually lessened its dependence on agriculture and rebuilt its economy through trade and industry. Construction of the Navy Yard in 1904, just north of the City’s boundaries, pushed Charleston vigorously into the twentieth century. Visit Battery Park, used during both the Revolutionary and Civil Wars.
